

Child Care Heroes Campaign

Throughout the COVID-19 pandemic, child care programs have ensured that families across South Carolina have a healthy, safe, reliable and quality environment to send their children while working to keep our economy thriving.

Child care educators have bravely faced a national health pandemic that includes changing program policies to following Centers for Disease Control and South Carolina Department of Health and Environmental Control guidelines. Educators initiated communication with their Child Care Licensing specialist for recommendations and maintained ABC Quality standards to meet children's social and emotional development and overall well-being.

ABC Quality has created the **Child Care Heroes Campaign** to recognize ABC Quality child care educators who nurture overall child well-being and support families during the pandemic.
